October 22, 2012

Thanks to Corey and his professional team at Dynamex, our orientation day for incoming grade seven students was a huge success. The students had a blast taking part in the various organized activities and spoke about the fun they had for weeks after. Parents were most grateful with our effort to eliminate some of the anxiety associated with the first days of high school. Dymanex made the planning for the day quick, easy and very affordable.

E. Lagodich Vice-Principal
